MEMORANDUM FOR: II/OS

SUBJECT: Arno Scholz

1. An Operational Clearance is requested for subject, whom we wish to use to operate a distribution net under Project TPCASIS. Subject is probably aware of U.S. Government interest. He will not, however, be aware of this pending investigation. He has been used for some years by USO and presumably was cleared by them. Our contact with him has been through USO.

2. Background information has been requested from the field and will be forwarded as soon as received.
